Dear Mr Bain

Privilege of authors to change their mind as of the sex .

Please send me by bearer the big one volume dictionary you showed me. Go on also with smaller one.

Dashed if I can spell wierd or weird, and has bayoneted two T's? I think I must be fitted carefully with a good deal of mashed turnip instead of grey matter

Also before I go out I want a Jane Austen, need not be first edition. Keep for me till I drop in but send the dictionary

yours truly
