Dear Mr Macniven,

That is quite right about the vols. of the set of the dictionary. I am sure they will do quite as well.

I wonder if you could get me a set of Ruskin the blue Morocco - the tall slim set, either in blue or purple. As many volumes as you can get.

Many thanks for being so good to my books. I feel I owe you many kindnesses and if I have an opportunity someday of in any way repaying part of it, I should be glad to do it

You will be glad to hear that my host is still able to walk four or five miles a day without fatigue - though I fear he will write no more. But he is very happy and the old brilliance flashes on!

I have [fois] in paper, but if that is done in the same I should like that too. {*inserted above* - I gave the papers to you to sell} Some day when I can get good editions of the Stories and [M]P I should like them too, but I shall let the ordinary editions of which I have do me at present.

Very truly yours

S.R. Crockett
