Dear Unwin

I am going off to tramp Galloway and the South for local colour for 10 days. I go on Wednesday morning. We are well settled for this year now. I propose to publish a volume uniform with the Stickit of collected stories about March 1895 to be entitled 'Bog Myrtle and Peat' with some verses by Mr Andrew Lang. You will of course have first offer. It should contain some of my finest work. Are you not forgetting in your advertisements of the illustrated Stickit that a leading figure of that edition will be the beautiful set of verses which Mr R.L Stevenson has sent me for it. I like the 6th Stickit so much better that I would willingly exchange those I have for copies of the 6th if it is all the same to you. If not never mind.

Conway is magnificent

By the way would you care to have the Sweetheart Traveller papers to issue about Christmas or would you rather wait? You have seen some of them already. They have been very popular in the North. We would need some illustrations

The dates would be:

1894: June Mad Sir U (Antonym)

Sep 15 Lilac S

Nov Playactress (Pseud)

In time for Xmas Present Sweetheart T

1895 March Bog Myrtle and Peat.

Think over it
