Dear Mr Unwin,

Haste ye fast and get through with the 3<sup>rd</sup> Edition of the 'Stickit' Robert Louis Stevenson has send me a beautiful prefatory poem from Samoa for the 4<sup>th</sup> Edition which should give us a lift as well as be a great enhancement to the book.

What do you say to an illustrated edition? I could get the pictures very cheap from MacGeorge who illustrated my other books 'Dulce Cor etc' and reproduction is not as dear as it was.

500 would go easily.

Think of it and tell me what you think, me might see a cheap edition as well.

Ever yours
