My Dear Unwin

Many thanks for sending on Henderson's book. I wondered who he was. He wrote a most excellent life of Claverhouse in the National Dictionary of Biography which I admired for its precision and lucid statement. I shall read his book with great pleasure. Thanks also for sending on the large paper bound Stickit. But if you charge me £4 for the two I think you should bind them both. Why charge me with one binding and not the other?

ever truly yours

I am coming to town in the spring. See you then.
