

Morley's Hotel

April 15th 1896

My dear Unwin

Whistler has been painting my picture for some time, but will not discuss price until the thing has been done. I don't think however, that he will overcharge me. It promises to turn out splendidly. Of course I shall pay the whole price and you if you want it shall pay for the reproduction. Probably I shall ask you to arrange the price with him when it is done.

with kind regards

faithfully yours

SR Crockett

I have a very encouraging letter from Thomas of the Graphic about the effect of the Grey Man on the circulation of the Graphic.
