

S.R. Crockett 24th October 1913

Dear Crockett,

Mr Hodder Williams asks me to say that he would like to publish a Sixpenny edition of "The Stickit Minister's Wooing" sometime next year, on the same terms as before.

Speaking from memory, "the same terms as before" were:-

$\frac{3}{4}$ d per copy on all copies sold in this country, and $\frac{1}{2}$ d per copy on all copies sold in the Colonies.

May I take it that this is agreeable to you?

With kind regards

I am, dear Crockett

Yours sincerely

Watt

P.S. I take it that Mr. Hodder Williams would wish to place the royalties on the 6d edition against that portion of the advance which is still unearned.
