

Bank House

June 7 1894.

My dear Unwin

In haste to catch post. I am killing myself with work. [illustration] The dedication and notice to Sir Uchtred need not be paged. Indeed they are better not pages or if paged in Roman in the middle of page. Drawings arrived all safe. Will write Burn Murdoch. He is an everlasting nuisance. An ill death may he die! as our excellent ballads say

yours SRC.
