Dear Aunt

I have my new book nearly out of my hands now and I am much obliged for your very considerate and welcome loan of the CD miscellany which as I told you is a very scarce book and useful to one who like myself is employed a good deal in digging about the antiquities of my native province. We are all well, and both my wife and the youngest son, as well as the other bairns, are thriving.

Remember me to Mary and John

with love to all

I am yours very truly

S.R.Crockett

I was touched by the City Missionaries notice of uncle and printed it in the Christian leader. Several have written to the office about it.
